Plans Complete For Junior Ski Meet At Tahoe

Many Outstanding Younger Jumpers on Lists for Weekend

TAHOE CITY— Jack Starratt, tournament director and chairman of the competition committee of the Lake Tahoe Ski Club, announces that entries to the National Junior Jumping Championships, which the local club will sponsor at Olympic Hill over March 15 and 16, are not as large as had been expected. Some very proficient ski jumpers will be on hand to represent their clubs and entries are continuing o arrive. Due to the heavy storms in this area, plans were somewhat held up but, aside from mailing entries out a bit tardily, no harm was done.

Bud Warner, 15, of the Steamboat Springs (Colo.) club, who performs in group 2, is expected to take high honors in his class as he took the combined at the National Junior Championships at Winter Park, Colo., this year and is conceded an excellent chance to repeat here. He broke the hill record at Winter Park this season, reaching a speed estimated to average 75 miles per hour.

Others from Steamboat

Don Hillbert, 15, of the same club, will also be seen in action and may well set a new record for juniors, as he is reported to have jumped around 260 feet this season in competition. He and Warner tied for form in last year's nationals.

Two other youngsters to watch over the weekend will be Norris Durham, 14, of Steamboat Springs, 14, and Tahoe's own Lewis Fellows 14, who placed first and second respectively in last year's nationals in Class C, which puts both into Class 2 automatically this year.

Other Class 2 entries will include Danny Thurston, Tabernash (Colo.) Ski Club; Max Marolt, Aspen Ski Club; Frankie Brown, 14, Payette Lakes (Idaho) Ski Club; Stan Harwood, 14, and Ralph Turner, 14, also of Payette Lakes; Jay Stuart, Lake Tahoe Ski Club; Adolph Peterson, Bozeman, Mont., and Tom Walker, Modesto Ski Club.

Incidentally, Tahoe's Lewis Fellows placed 19th in the national competition at Winter Park March 1 and 2, skiing in a field of 99.

Wins with Injured Arm

Some of the group 1 entries are Corky High, 18, Steamboat, and his team mate, Gary Knoles, 17, who accomplished the incredible by taking best form on the hill at the Junior Nationals with his arm in a sling! This year he will not be so hampered. Coming too is Johnnie Kress, Tabrenish Ski Club, who won the Sun Valley American Legion jumping meet in 1951; Ted Armstrong, Aspen (Colo.) Ski Club; Francis Wallace, Payette Lakes; Cliff Dockham, Lake Tahoe Ski Club; William Dennis Osburn, Mono Ski Club; Bill Nowling and Peter Gautzel, Bjaerg Ged Ski Club and Fred Earl, Modesto Ski Club.

Class 3 will have Van Card of Steamboat; Dave Gorsuch, Continental Ski Club, Climax, Colo., who placed third in last year's nationals; Dick Borwood, White Hills Ski Club; Reidar Peterson, Bozeman, Mont.

Class 4 is strong with the following Steamboat Springs entries due: Lewis Warner, 9, who this year amazed his coach, Gordy Wren, with a leap of 135 feet from his own hill with perfect form; John Elliott, Delbert Hyde, Nick Nichols, Joe McGuire and Dave Albright. From Payette Lakes will come Buster McBride and from Lake Tahoe Ski Club, Rex Donaldson.

Judges Named

Judges will be Allan Grandstrom of Seattle, Carl Bechdolt Jr. of Tahoe City and Roy Mikklesen of Auburn. The medals and trophies are on display at the Village Store in Tahoe City and ten pins will be given in each division, with the new green bronze pins to be given for winners from 4th to 10th places. Trophies will go to 1st, 2nd and 3rd place winners in each division and a large sliver platter for the best form in each division, to be judged on the best single jump.

Reports are that the hill has over a 12 foot pack of hard snow and over a foot of new powder with skiing conditions on the hill very nearly perfect.

Fish and Game Forum At Lions Club Meet

Game Warden Tom Borneman gave a discussion on fish and game questions at last night's meeting of the Lions Club, held at Donner Lake Lodge, with Robert Seibold presiding. The talk centered around a proposed bill to return 10 per cent of the grazing fees in national forests for recreational and wild life purposes.

M. W. Wallis, formerly with Tonini Grocery, is now employed by Mountain-Rotary Fuel Co.

State Would Aid Tahoe If Bonds Sold For Sewer

Quarantine Alternative For Adequate System Says Ruby

AUBURN— The California water pollution control board has agreed to assist the Tahoe City Public Utility District in the construction of a sewage disposal system if the district will vote general obligation bonds aggregating $95,000 to qualify for a $30,000 revenue bond loan from the state.

The action was announced in Auburn by F. L. Sinclair and Paul Chamberlain, attorneys for the district, who appeared before the state board in San Francisco in the matter.

The procedure necessary to qualify for the state funds now rests with directors of the Tahoe City PUD—C. W. Vernon, N. R. Mayfield and E. H. Pomin.

The action by the pollution control board was taken after study of a letter from Dr. Saul Ruby, Placer County health director, who says Lake Tahoe is being contaminated by sewage from the Tahoe City district.

Dr. Ruby stated that unless this condition ceases, his department will be forced to quarantine the Lake Tahoe beach area and close all places contributing to the contamination.

The public utility district has an assessed valuation of $519,819. If bonded to capacity, it could raise approximately $95,000. The voters would also approve the proposed $30,000-revenue bond loan.

Vernon said the district board plans to endorse the state board's action and call an election in the near future. Total cost of the project has been estimated at $125,000 by E. A. Johnson of Lincoln, engineer from the PUD.

WSCS Preparing For Devotions at Easter

The WSCS met at the home of Mrs. Alice Peterson last Thursday, with 11 members present. The next meeting will be at the home of Mrs. William Englehart Jr., with Mrs. Harry Barnes as hostess. All members are asked to bring a contribution for the Easter devotional.

GIRL SCOUTS GET ROOM IN SCHOOL

The governing board of the Tahoe-Truckee school district has donated the use of a basement room in the old high school for the use of the Girl Scouts and Brownies of Truckee. The Girl Scouts are painting and decorating the room and the Brownies will help make the curtains.

Regular meetings and socials will be held in the new headquarters, as well as work on projects for merit badges and awards. A court of awards will be held in the near future, according to Mrs. Fred Pedley, leader of the young women. She is assisted by Mrs. John M. Rablin. There are 36 Girl Scouts and 18 Brownies in Truckee.

Cub Scouts Animal Party Is Slated for March 25

Cub Scout Pack 7 will hold a special meeting in the Veterans Hall here March 25 from 7 to 9 p.m. in observance of Animal Month. The program will include a two-minute report from each Cub on an animal the choose and make a costume for. An animal movie will be shown and the evening will close with animal games. Parents are invited and urged to attend, according to Cubmaster John Rau.

Marcia Leamon's Birthday Celebrated in Sacramento

Robert Leamon and son, Barry, joined Mrs. Leamon and children Marcia and Richard Bruce, who are visiting in the home of Mr. and Mrs. Charles Walker in Sacramento Sunday. A decorated cake was cut at the close of a family dinner party, given in honor of Marcia's fifth birthdate which occured March 11. The opening of gifts by the young celebrant and viewing of television highlighted the event.

Same Old Story: Snow Mounts As Storms Continue

It's the same old story as far as weather in this area is concerned.

Thirty-three inches of new snow have fallen here during the past week, bringing the total fall for the season to 379 inches, or nearly 32 feet, and leaving 84 inches, or exactly seven feet, on the ground at the U. S. Forest Service office where records are maintained.

The almost continuous storms during the past week at times reached mid-winter proportions, again disrupting travel which continued under handicaps and with chains required since Monday morning. Only short delays were encountered over the summit.

Precipitation for March thus far is 2.99 inches and during the first 13 days of the month, 43 inches of snow fell.

Total precipitation has now reached 42.66 inches as compared to an entire seasonal normal of 27.38 inches, giving this immediate area 19.28 inches over the normal figure to August 31.

Although today dawned clear and with the temperature a shivering zero, the forecast is for more storm tonight and Friday.

DeCHOUDENS DIES IN S. F. HOSPITAL

Word from the A. G. Lindauers of San Francisco brought news of the death there Monday of Emil DeChoudens, a well known Truckee resident for many years, who had been undergoing treatment in a San Francisco hospital for cancer.

DeChoudens for years had owned a home along Donner Lake, the scene of many enjoyable social events prior to the war. The owner came to the United States from his native Austria and settled in this area, deriving his income from oreign investments, many of which were wiped out during the war.

He had hundreds of friends who will regret his passing.

FOUR WOMEN HURT IN AUTO MISHAPS

Three trucks and a car were involved in an accident near Kingvale Sunday morning at 4:30 o'clock and as a result two women were injured.

Mrs. Marjorie Gardnes 28, and Mrs. Jane Knight, 30, both of Grass Valley, were taken to Colfax by the Truckee ambulance after the car in which they were riding, driven by Coid F. Gardner, 30, of the Nevada County welfare department, was hit by a trailer on a truck operated by Keith L. French, 34, Chicago.

French was cited for being on the wrong side of the road and for not having his vehicle under control.

After the truck driven by French crashed the Gardner car, two other trucks ran into French, causing his vehicle to further damage the lighter car.

Mrs. Edward Eby of Auburn and Mrs. Ray F. Golden, Payette, Idaho, suffered minor injuries when cars driven by their husbands collided on Donner Grade last Thursday.

NAME AREA AIDES IN RED CROSS DRIVE

Mrs. F.W. Wilson, chairman of the Red Cross campaign in this vicinity, yesterday announced the following co-chairmen in the outlying districts:

Soda Springs, Frances Couillard.
Norden, Mrs. Otto Frederick.
Floriston, Mrs. H. C. Savage.
Boca, Mrs. Harold Pabst.
Donner Lake, Truckee Eagles Auxiliary.

Mrs. Wilson said the members of the AAUW will preside at booths at the bank and post office each Saturday morning for those wishing to make direct contributions.

Mrs. Roberts Past Chief Of Pythian Sisters Here

During installation of officers of Summit Temple 79, Pythian Sisters, last week Mrs. Hazel Roberts was seated as sitting past chief, being the outsgoing MEC. Her name was unintentionally omitted from the list of officers in last week's issue of the Sun.

Members of the Truckee Outdoor Sportsmen met last Thursday with officials of the department of fish and game for the purpose of formulating plans to improve fishing conditions in this area. The fact that more than 50 attended the session indicates a desire, by the sportsmen at least, to do something about our diminishing fish population. This subject is one of vital importance to everyone in the community, and one which should be given more than passing consideration. We are all aware of the fact that for the past several years fishing has dropped far below par and as this sport drops, the income of every business in the community also drops, since the fish provide one of our principal resources and attracts hundreds of anglers to the region annually. If the sport is to be continued then something definite must be done to restock the streams. The purchase by the local clubs of 12-inch trout as a basis for bringing the population back to normal is being studied by the sportsmen. This program would, if undertaken, cost money, but without an expenditure and without some good solid support of those who are making outdoor sports the issue they deserve, we are very apt to find our streams and lakes completely fishless—a condition which we should avoid before it is too late.

* * * *

On this, the 40th anniversary of the organization of their first troop, we salute the Girl Scouts and their leaders. To the 36 Girl Scouts and 18 Brownies in the Truckee troops and their hard-working leaders, we join the community in saying best wishes and may your splendid work be continued.

WM. J. G. LAMBERT PASSES IN AUBURN

AUBURN— Funeral services are being held this afternoon at 2 p.m. in Auburn for William J. G. Lambert, 91, who passed away at his home here Monday, March 10.

A native of Pennsylvania, Lambert had long been active as a rancher and real estate broker. For the past 50 summers he had vacationed at the family home in Tahoe Park and he leaves many friends in the Truckee and Tahoe area who are saddened by his passing.

His wife, Georgia, of Auburn survives.

A Spanish-American War veteran, Lambert will be buried in the Arlington National Cemetery at Washington, D. C. Lukens, Vettestad, Bryan Funeral Home at Auburn had charge of the last rites.

MRS. RUTH KIENTZ DIES IN ACCIDENT

KINGS BEACH— Residents here were shocked yesterday afternoon to learn of the death of Mrs. Ruth Kientz, 40, in an automobile accident on Highway 395 near Bishop. According to word received here she was killed outright and her husband, Vincent, is in a Bishop hospital with critical injuries, following the accident which occured at about 4 p.m. yesterday.

The popular North Tahoe couple was returning from Cavalier, S. D., where they had attended the funeral of Mrs. Kientz' mother. They have made their home at Kings Beach for over 10 years and were on their way back when the accident happened.

Dr. Jose Nessim of Kings Beach left immediately for Bishop to assist in caring for Kientz. Funeral arrangements for Mrs. Kientz are pending, awaitng notification of other surviving relatives.

Man, Woman Sentenced On Sobriety Charges

May Williams, transient, was sentenced to 30 days in the county jail when she appeared before Justice of the Peace F. W. Wilson, charged with violating the county sobriety ordinance. Robert L. Fealy, charged with the same offense, was given a 30-day suspended sentence and placed on 90 days probation. Both were arrested by Deputy Sheriff Wesley Fair.

New Hospital To Be Open April 1, Official Reports

The new Tahoe Forest Hospital will open Tuesday, April 1.

This date was announced yesterday by C. R. Heller, president of the governing board, following a conference with Gordon Cumming, chief of the bureau of hospitals for the state department of public health, and other state officials, last Monday in San Francisco. The meeting was attended by Heller, R. A. Scott and James Sherritt, all members of the hospital board.

The state fire marshal will be here next Tuesday to make a final inspection and the state and federal authorities will visit the site before turning it over to the local board. A number of minor applications are still to be made but Heller said the opening date has definitely been fixed for April 1.

The complete staff has been employed, Heller said, and all departments will be ready to function.

ALAMEDA CHOSEN STUDENTS' CHIEF AFTER CAMPAIGN

Senior Ed Alameda will head the newly formed student body government for the remainder of the school year at Tahoe-Truckee High School.

The run-off election held Tuesday at the high school also brought Sheldon Jones in as vice president. John Moore won his race for the treasurer seat in the primary on Monday. Toni Street will serve as secretary and Miss Thelma Finger, advisor, of the newly formed student council.

The election climaxed a week of campaigning by a large field of candidates. On Tuesday, March 4, the entire student body voted unanimously to adopt a constitution which a representative group of students presented after many months of debate.

A nominations committee composed of Dael Rich, Tom Grow, Janice Mandeville, Jerry Quam, Penny Jenkinson and Barney Gilmore started the ball rolling by selecting two people for each office. Additions to this slate were made by 25-signature petitions before the deadline Friday.

Campaign speeches, given to the student body Friday morning, sounded much like speeches by our nation's law makers. Student voters had to register several days before the election and were allowed to vote between classes and at noon Monday and Tuesday.

MAYNARD TELLS LADIES OF ARCHERY

Forty-six members and guests of the Wyethia Club met at Capitol Hall last Friday to enjoy the 25th anniversary party of the club and past presidents' night, featured by a dinner and program. A blizzard prevented many from attending.

State Patrolman Carol Maynard presented an interesting program on archery.

A membership drive was inaugurated with the teams headed by Mrs. Ileen Braasch and Mrs. Margaret Walker. The losing team will be host at a pot luck dinner at the end of the drive the latter part of May.

The next meeting will be held at the new high school and a musical program has been arranged. Tea hostesses will be Miss Thelma Finger, chairman; Miss Virginia Angelo, Mrs. Miriam Zwarg, Mrs. Elizabeth Bavier and Mrs. Edith Deaton.

Judge Snell Impanels New County Tribunal

A 1952 Nevada County grand jury was impaneled Monday by Superior Judge James Snell. It includes James McIver, Cecil Edmunds and William Rutherford of the Truckee district; Albert Black, Elizabeth Helen White, Matt Argall, Oscar Shamberger, O. P. Steele, Alice L. Sweet, George W. Sleep and Ralph Greenwell, all of Grass Valley; Loren Sherwood, Isabel Tourtelotte, Frank Davies, Otto F. Boettcher, Mary Meservey, Clara Shermann, O. E. Stablschmidt and Clyde Renfro, all of Nevada City.

Report Indicates Plenty Moisture For All Purposes

Boca and Tahoe Both Open To Relieve Runoff; Fear Flood

RENO— Plenty of water for all parts of Nevada and perhaps too much for some scetions is assured in the report of the cooperative snow surveys of Nevada released this week. It is the first time since 1937 that all parts of the state can rest assured of ample irrigation.

In most of the areas involved, the snow pack and potential water supply beats all previous records. That was reported in 48 out of 58 courses measured.

While this is good news for ranchers and nearly everyone else in Nevada, it presents a possible threat to the residents of the western part of the state. In the Sierra the snow pack is of such proportions that it might well result in floods, the report says.

To prevent this occurrence, the reservoirs along the eastern slope, including Lake Tahoe and Boca, are being lowered as rapidly as possible in order to make room for th espring run-off when it comes.

The committee found the snow particularly deep and wet on the watersheds west of Reno.

The water content of the pack in the Truckee, Carson, Tahoe and Walker basins, the report said, is almost twice normal at all points.

For example, the surveyors found 174 inchse of snow on the Donner Summit course late in February. It contained 73.6 inches of water—slightly more than six feet. Yet the 28-year average for the course on March 1 is only 33.2 inches.

At Boca, a 48.5 inches snow pack contained 19.4 inches of water. The long-time average there is 7.7.

At both points subsequent storms have added substantially to the totals.

The committee summed up the Sierra runoff picture by saying that even if no further moisture falls over the mountains, the present snowpack "assures a runoff during the coming season approaching record high flows."

Surveyors found the greatest depth of snow at Ward Creek, which drains into Lake Tahoe. There the pack averaged 189.8 inches in depth and carried almost seven feet of water.

Even at Tahoe City, where the snowpack normally contains only slightly more than one foot of water at this time of year, the surveyors found 32.1 inches.

JERRY QUAM WINS ON BORROWED SKIS

With a pair of borrowed skis and without the benefit of the traditional jumper's uniform, Jerry Quam took top honors in D class jumping competition in the tournament sponsored by the Auburn Ski Club Sunday at Tunnel Mountain.

Out of competition for the past two years—during which time he has concentrated on basketball—the young Tahoe-Truckee high school student, not only scored first in his class with leaps of 80 and 88 feet, to score 210.2 points, but was given the trophy for the outstanding jump of the day.

Jerry entered the meet for the Lake Tahoe Ski Club at the last minute and, attired in a pair of Levi's and a plaid shirt instead of the usual ski togs, and with Herb Copeland's skis, which were split for a distance down the back, negotiated the slope like a veteran.

The boy comes by his ability naturally, his father, Oscar Quam, Truckee Shoe Store owner, having been in the top class of skiers in Norway and later won honors here in the early 1930's.

Truckee vs. Reno Friday In Shooting Competition

The Truckee Rifle and Pistol Club Friday evening will be hosts to the Reno Rifle and Pistol Club at a competitive match to be held at the Veterans Memorial building

The Reno team outpointed the locals two weeks ago 1315 to 1175 points and the Truckee sharpshooters are out to even the score. The Truckee team will be selected following tryouts Friday evening, Tom Borneman said.

Fishing Program Highlights Meet Of Sports Group

Plan Is Being Considered For Plant of 12-Inch Fish in Streams

Plans for holding a joint meeting of most of the organizations of the area for the purpose of discussing the possibilities of stocking the Truckee River with 12-inch trout were made at a session of the Truckee Outdoor Sportsmen last Thursday night at Capitol Hall.

John Ciardella, president of the club, said he had information that 12-inch trout could be purchased from a Reno hatchery for 35 cents each and that the sportsmen there would assist in the local program if the club here decided upon a planting program.

Allan Pollitt, assistant superintendent of hatcheries from Placerville, said trout that size would provide a good base as they do not migrate far and would provide spawn for increasing the fish population where they are planted.

At the dinner meeting proposed for the future, members and their wives from the service clubs and other organizations would be asked to support such a program, Ciardella said.

Fifty-seven local sportsmen attended Thursday's meeting which was featured by a round table discussion of local fishing problems. Officials of the department of fish and game attending were Charles Fisher, assistant biologist; J. C. Frazer, senior biologist; Captain William LaMarr, Warden Tom Borneman and Pollitt.

Forest Ranger E. E. Boehm brought out that 10 per cent of the federal funds from grazing permits would be returned to the forest areas for recreational and wildlife development under a pending bill and suggested that the local sportsmen support the passage of the legislation by writing their representatives.

Borneman discussed the beaver plant program and said steps had been taken to install beavers in six or seven additional streams in this area. No action was taken on a proposal to install a fish ladder at the Lake Tahoe dam.

Talk on planting trout in the lakes and streams near here occupied a part of the interesting evening.

St. Patrick's Party After Lodge Meeting

Noble Grand Pearl Heller presided at the regular meeting of Naomi Rebekah Lodge last evening. Following the meeting, shamrocks were given to all, Green and white cup cakes, candy and ice cream added to the St. Patrick's Day theme. The members enjoyed an amusing game of "Blindfold Artistry."

A "Baby Parade" will highlight the social hour for the March 26 meeting. Laura Harmon and Bess Reid will be in charge of refreshments.

Sgt. Johnson, Family Are Home from North

Staff Sergeant Byron Johnson and his family arrived home Tuesday from Ladd Field, Alaska, where he had been stationed with the Air Force. He leaves soon for Camp Stoneman and expects to be discharged from the service.

Temporarily they are visiting the sergeant's parents, Mr. and Mrs. Martin Johnson, at Donnre Lake.

Red Cross Seek Chains For Stranded Itinerants

Anyone with usable but discarded tire chains is asked to leave them with Justice of the Peace Fosten Wilson.

The reason is that the Red Cross is anxious to obtain a few pairs for itinerants, stranded here and unable to proceed without tire chains. Broken chains, which can be repaired, are in demand by the charity organization.

Truckee Restaurants Each Close One Day

Eating places in Truckee are each closing one day a week, for the time being at least. Mondays, Goodfellows' Coffee Shop and Cozzi's close; Tuesdays, the California Cafe; Wednesdays, M&E Coffee Shop; Thursdays, Brown's Cafe. Sarge's dining room is open each Friday, Saturday and Sunday evening at present.

Woman Called to Capital By Passing of Mother

Mrs. John Tuohey was called to Sacramento Tuesday morning upon receipt of word that her mother, Mrs. Ora Hutson, 69, had expired there following a brief illness on Monday night. Mrs. Hutson was a native of Quincy, Plumas County.

SWANEE'S

Tahoe Letter

Tahoe City, March 10

Dear Tahoeites:

At Alta, Utah, last week, James Baker of the Lake Tahoe Ski Club placed 27th in a field of 52 of the nation's top skiers in the national competition. His time was only 18 seconds behind the winner. He was entered in the big event by his club, following his success at the Edelweiss Ski Club's meet on Highway 50 the week previous. Friday his wife, accompanied by Ronnie Sanford of Sunnyside and Miss Collette Morhain of Truckee, motored back to join him and attend the meet. They return to Tahoe Monday.

Down at the Auburn Ski Club's Cisco meet Sunday, Lake Tahoe Ski Clubbers made a good accounting by taking the following in jumping: ClassD: Jerry Quam, 1st; Lewis Fellows, 2nd; Jay Stuart, 3rd. Herb Copeland, 2nd in Class A. Jerry took a best form win. Clifford Dockham came in third in Class C and Darryl Stark, 4th in D, his brother Donald 6th in 4 and Rex Donaldson 7th. Not a bad showing, we'd venture.

Lake Tahoe Ski Club members who attended the Snow Valley ski tournament at Snow Valley, near San Bernardino on Sunday, took the following honors: Bob Stark, 4th in Class A; Dick Carnell, 2nd in Class B, and Terry Tollefson, 3rd in Class C.

Mrs. A. M. Henry of Tahoe City, who, with James Martin, is in charge of the first aid squad which will be on hand during the National Junior meet here March 15 and also during the FWSA A, B, C and open championshops here April 5 and 6, has announced the names of the group. They are Mr. and Mrs. Lynn Kishbaugh and William Althof of Kings Beach, Mr. and Mrs. Everett O'Rourke of Big Chief, Beverly Wilson and Ruth Peden of Truckee, Mike Soltau of Tahoe Park and Henry Sams of Pineland. Dr. Jose Nessim of Kings Beach will be the doctor in attendance, having volunteered his services.

Word to Mr. and Mrs. A. M. Henry from their daughter, Pat, tells them her huband, Lt. L. W. Griswold Jr., has been transferred to the Anacostia Naval Air Station at Washington, D. C. He was formerly at Westover Field, Mass. Pat and daughter Mary Tabor, now 1½, are making their new home at nearby Hyattsville, Maryland.

Received a nice letter from Zella at Sacramento with her husband. Mortimer, who winters annually She reads of our heavy snow storms and isn't sorry to be missing them.

Came too promised travel literature from the Carlton Valentines from Ensenada, Mission San Isabel and other interesting Mexican spots, which turns me green with envy.

Home once more from midwinter vacation are Mr. and Mrs. A. M. Anderson. They left February 12 for Las Vegas, Nev. From there, they motored to Phoenix, Ariz., where they joined his brother-in-law and sister, Mr. and Mrs. Frank Gunter of Missoula, Mont., and Mr. and Mrs. Norman Mayfield of Tahoe City. Golf was enjoyed daily by the visitors, who also made a trip to Castle Hot Springs where they visited other Tahoeites. These included Dr. C. B. Pedersen of Tahoe Tavern, Mrs. Rose Boyiaredes, Johnnie Perelli, former golf pro at the Tahoe City links; Walter Rounsevel, former Tahoe Tavern manager; and Mr. and Mrs. Gordon Hooley, formerly of Sugar Bowl. Following a stay of several weeks in Phoenix, the Andersons started home, visiting en roue the Dave Owen family at Lindsay and Mr. and Mrs. Montague White at their Lindsay orange grove. The latter have a summer home at Carnelian Bay.

Ross Frank who, on April 1, would have completed one year on the job as manager of the Lake Tahoe Chamber of Commerce, at the chamber's regular meeting on March 6 tendered his resignation and it was accepted by the directors. Although effective last Thursday night, Frank will remain in this area until after the chamber's big 4th annaul Snow Ball and will assist with its production. He left Saturday on business but will return in a few days. Meanwhile, the chamber offices will remain open as usual in the Kilner Building in Tahoe City and directors will decide as to whether another manager will be sought to replace Frank at a meeting on March 27.

The following names of queen candidates for the big ball to be held at Cal-Vada March 21-22 have been received by the contest committee to date: Bonnie Jones, Lake Tahoe Ski Club; Joanne M. Simms, Rotary Club of Brockway; Donna Sollars, Stockton Ski Club; Pat McCall, Helter Skelter Ski Club of Orange County and Beverlee Gross. George Canon of George's Gateway, South Tahoe, is holding weekly contests for a queen candidate and the winner will be selected to represent his resort March 15.

My very best to one and all, as ever, Swanee.

American settlers seized Sonoma an draised the Bear Flag of the California Republic June 14, 1846.

First Round of Snow Survey Completed

TAHOE CITY— The first round of the annual Lake Tahoe snow survey was completed March 2 up Ward Creek. Stanley Martin, in charge of the Sierra Pacific Power Company in the Lake Tahoe area, was accompanied on the trip by his son, Stan Jr., and Jerry Quam of Truckee.

Martin declared he had never in all his years of making the survey seen the snow so deep or so solidly packed. They found 16 feet up the canyon and so solid was the pack that the snow sampler was broken. The water content measured approximately 40 per cent.

BACK AT HOME

TAHOE CITY— Mr. and Mrs Edward B. Scott Jr. of Tahoe City returned home Sunday from a week's visit in the bay area as guests of his parents, Mr. and Mrs. Bert Scott of Piedmont. The latter had the misfortune to break her wrist in a fall at her home and has been hospitalized because the injured member had to be rebroken and rest. Mrs. E. B. Scott planed to Los Angeles for a brief visit with her mother during their stay.

Tahoe Pen & Brush Club Hears Poems Read

TAHOE CITY— March 20 is the date set for the next meeting of the Tahoe Pen and Brush Club. Mrs. A. M. Henry of Tahoe City will be hostess of the evening and following a short business meeting will provide a social evening with refreshments for her fellow members.

The meeting on March 4 was held at the home of Mrs. C. W. Vernon, president of the group. She presided at the ssesion and read the poem of Denis Sach, titled The Winter of '52, which proved highly humorous. Other poems were read an discussed by the members, one of them by the president, Through Black of Wintry Eve, which has been published in the New Athenaeum, poetry quarterly published at Branson, Missouri. Others whose work was read included Laura Wilson, Eleanor Swanson and Charles Swanson.

Announcement was made that Mrs. Wilson had been accepted as an artist member and another member was admitted to the Poet of the Pacific when the poems o. Rose Ella Williams of Los Angeles were accepted.

Mrs. Vernon displayed one of her excellent finger paintings, titled In the Dark of the Night, and Mrs. Wilson entertained with a piano rendition of the Raindrop Prelude by Chopin. Mrs. Cleo Morgan was refreshment hostess and provided a cake made and artistically decorated by associate member Leonard Bury, with crossed pen and brush in white on a chocolate top.

The slogan of the club, suggested by the president and voted by the members will be, from the pen of James Russell Lowell, "Be noble, and the nobleness that lies in other men, sleeping, but never dead, shall rise in majesty to meet thine own."

Counties Share Funds From Tahoe Forest

NEVADA CITY— Gross receipts of the 1950-1951 fiscal year were $649,884 in the Tahoe National Forest. This is more than three times the $199,569 of the previous fiscal year.

The figures were disclosed by Guerdon Ellis, supervisor of the forest, who reported officials had expected an even greater intake for the present year until the recent heavy snows, which will create difficulties in making an early start in logging operations.

The gross amount for the last fiscal year will be divided among the counties within the forest on a basis of 25 per cent as follows:

County	Amount
Nevada	$32,736
Sierra	$70,027
Placer	$52,658
Yuba	$ 4,438
Plumas	$ 2,609

The Lake Tahoe Lions Club on March 11 decided to sponsor Miss Jeanne Rood as their candidate for queen of the Lake Tahoe Chamber of Commerce annual Snow Ball, to be held at Cal-Vada March 21-22 During the Lions meeting, W. H. Duggan of Kings Beach was inducted as a new member.

Mr. and Mrs. David Gilmore spent a three day vacation in southern California. They cruised out to Apple Valley in desert to see some sunshine, and found snow. Gilmore attended to business matters in Los Angeles, returning to his San Francisco practice while Mrs. Gilmore came back to their Kings Beach place.

Mr. and Mrs. Bob Moore and Mr and Mrs. Noble T. Murray of Kings Beach returned last Sunday after vacationing two weeks in old Mexico, where they enjoyed surf fishing, clam baking and knee deep clover, visiting as far south as San Ysidro, Rosa Rita Beach and Ensenada. While in the latter place, they wree guests of the 20-30 Club.

Walt Bailey, while putting in insulation in the attic of his Tahoe Vista Garage, came across an interesting relic in the form of an oil painting. It depicted a log building of about 20 x 20 feet, with a hand operated gasoline pump in front and a sign over the door "Tahoe Vista Garage." It was signed by G. H. Deck and Walt figures the snowy scene dates to about 1925.

We're hoping for a speedy recovery for Mrs. A. E. Abbott, who has been reported ill these past several days.

Want to thank Mildred Burch for her report on Tahoeites in Palm Springs last week.

Mrs. William C. Allen surprised her husband last Saturday, driving up from Palo Alot with friends for the weekend. The Allens want to lease, buy or rent a two or three bedroom house at North Tahoe. See their ad in the classified column of the Sierra Sun.

Potential voters of the North Tahoe area of Placer County, California, may register with Mrs. Ruth Lavery. She'll have the forms at her laundromat Monday and Tuesday each week. Otherwise, call her at Brockway 239J and she will make arrangements for your registration. Incidentally, registrations close March 22 for our school election May 16 and on April 10 for the June 3 primary election. You cannot vote unless you are properly registered.

Mr. and Mrs. David Arnold, who are wintering in San Jose, were up at Tahoe Vista over the weekend to look over their property and check up on possible storm damage. Accompanying them was Mrs. Mel Miller, Tahoe Vista summerite who winters at Hayward.

Tom Lucas is reported laid up with a touch of 'flu.

John M. Dixon returned home from the hospital Monday and is getting along well.

P. M. Burroughs received the 18th "mail it away" edition of the Hot Springs (Ark.) Sentinel Record in which it stated that while most of the nation suffers heavy snow and storm damage during January and February of this year, California receives a light sprinkling of rain. I would like to secure some good snow pictures to the Sentinel showing the people of the south just what a slight sprinkling of rain can do in the High Sierra of California. Hot Springs, Ark., is Burorughs' home town.

HORSE FOSSIL

Fossil remains of a three-toed variety of horse have been found in the Black Hawk Ranch Quarry in Contra Costa County.

Tahoe Weather

TAHOE CITY— The unusual weather with has become the usual thing at Tahoe this winter left over 32 inches of new snow here during the week ending Monday, March 10. The storms added an-of 3.03 plus inches to the precipitation figures, according to A. E. Frodenberg, the official observer. Snow on the ground Monday at 8 a.m. measured 117 inches. The lake level was 6227.22, with 17 gates open full.

Daily high and low temperatures for the period were March 3rd: 38, 10; 4th: 34, 11; 5th: 33, 8; 6th: 30, 14; 7th: 33, 13; 8th: 37, 25; 9th: 40, 17; 10th: low 24.

Summit Scene

by FRAN COUILLARD

The Southern Pacific Club of San Francisco feared not the adverse weather reports and minded not the slow transportation in and out of the area, for 30 of that intrepid group braved the drifts piled high in front of the Soda Springs depot and waded to Beacon Hill Lodge for a bang up holiday in the snow. Elmo Moriano and staff also entertained the Serra High School group from San Francisco and the Sacramento Junior College group.

The William Parrots find cause for rejoicing in the birth of daughter No. 2 in Sacramento. We aren't sure if Bill P is kidding or not but he says the child's name is "Snowflake."

A big, happy time was sloppily enjoyed by one and all at little Chantarella Sunday afternoon when Mori and Secco entertained neighbors with a free "chopino." This soupy concoction, composed of cooked unshelled fish floating around in a deliciously flavored li quid is usually eaten with benefi of bib. However, paper napkins were used in abundance and all admitted that it was the best "chopino" ever made. (We cannot find how to spell chopino, but it's the nearest to a bouillabaisse we ever tasted.)

To make our weekend happy, we had as guests Mr. and Mrs. Jerome Carpenter (Jerry and Tec to you who know them). Getting a late start on the Donner Trail Memorial Race this year, due to storms and blocked roads, we called on Jerry for publicity help. Never failing, he answered by coming up himself to lend his capable support. Tec entertained us by telling of how long ago it was that she and Jerry and the kids started to ski. At the time the family started in on winter sports, there weren't ski boots nor ski pants to be had. Skis were fit to hiking boots and Tec made ski pants for the whole family. So, we had an enjoyable weekend and forgot the never ending snowfall for a while at least.

Usually it's our custom on weekends to frequent nearby lodges to see what's cooking for reporting but this past Sunday found us at the Auburn Ski Club jumping meet at Little Jack Walsh's Auburn Ski Club at Cisco. The sun came out beautifully on the hilsl and made an ideal mid-day for the jumpers. Saw a couple of spills which ended in injury. A Captain Christensen of the Air Force broke the jumping record, only to spill disastrously after his flight through the air. The last spill caused the old timers like Axel Ollson to shake their heads with the remark, "Never saw one like that!" We put our fingers in our ears and turned our head at the first complete somersault in mid-air, for we could think of nothing except a broken neck. We are told that another complete somersault was manuevered before the jumper took his windmill activities further down the course.

Going back to the Donner Trail Memorial Race. The pre-meet party for our annual fund raising campaign will be held at Donner Ski Ranch on March 19. All operators of the area are busily engaged on their various committees toward the 19th's activities and the party promises to be a bigger and better one than ever. A space in San Francisco's Spiro's windows has been turned over to the race trophies, pictures, etc., an a spot on a S.F. TV show has been donated to the area, where Tony Purcell's race movies of former DTMR are to be shown. The Soda Springs Ski Corporation generously comes forward again with a new perpetual trophy, our last one being taken out of circulation by three times winner Hans Holaas of the Tri-Pass Club, Eugene, Oregon. We were delighted to contact several racers at the Auburn meet, already practicing for the 26 mile Summit classic. Dr. L. D. Nelson and N. F. Dolley of Truckee come through in their usuaul generous way as the safety committee. Yep. the Donner Trail Memorial's 4th is shaping up and it's a cinch we won't have to shovel snow on the finish of the course at Rancho Sierra this year!

Singers Are Being Sought For Easter Services

TAHOE CITY— Mrs. Gerry Waters of Deer Park Lodge is seeking singers to participate in the rendition of a cantata, The First Easter, which will be sung during special Easter Sunday services in the Community Methodist Church at Truckee, where Rev. A. A. Carmitchel will officiate.

Mrs. Waters requests that those wishing to join the chorus should report for practice at the church each Wednesday night at 8:30, the rehearsals following prayer service at 7:30.

Women's Club of Tahoe Holds Meeting

TAHOE CITY— Members of the Women's Club of Tahoe met at the Lake Forest home of Mrs. Ivan Wilson last Thursday. Mrs. Blanche Donaldson presided at the business session which was followed by an afternoon of canasta and refreshments.

The nominating committee to select new officers for the coming season will be appointed at the first meeting in April and election will be held at the first meeting in May.

The group voted to donate $10 to the Red Cross drive and Mesdames Alma Guth, Anne Martin and Gladys Anderson were appointed to look into the purchase price of crockery. Other members and guests present included Mesdames Pearl Snyder, Dot Painter, Louise Geier, Beulah Carnell, Mildred Brown, Lucille Huega, M. Deming Sr. and Lee Rovzar.

A number of members will attend the annual North Tahoe Women's Club's hat party at Cal Vada on March 13. Cocktails will be served from 7:30 p.m. on and dinner is scheduled in the dining room at 8:30.

How To Check Lubricant Level in Your Differential

Here's an easy way to check the lubricant in your differential. It works as shown in the diagram below.

The easiest way we know of keeping those spiral bevel and hypoid gears in good condition is to use RPM Multi-Service Gear Lubricant.

It keeps a tough, protective film on gear teeth. Contains an anti-foaming agent that controls leakage due to product expansion. RPM Multi-Service Gear Lubricant won't corrode metal, resists oxidation; stands up under extreme pressures.

Call us about it. We'll fill your order fast; for service is the keynote of our local business.

Many skills of many people go into the big job of providing telephone service in the West today.

FIVE BILLION CONVERSATIONS

This huge number of telephone calls a year is the important responsibility of 73,000 men and women in the West.

Five billion conversations! By day and night, in cities and towns, across valleys and over mountains, the West's telephone lines are busy carrying the calls that in a year total more than twice the population of the earth! Some calls are routine, others may save a life, but each call is vital to capable telephone people everywhere as they work at the wide variety of telephone jobs needed to serve you and the nation well.

Your telephone is one of today's best bargains

For every telephone employee, we have about $20,000 invested in telephone equipment. Naturally, both must work together to bring you good telephone service. And it's reassuring to know that despite our sharply-increased costs of both wages and materials, we've been able to keep your telephone one of today's best bargains.

This telephone team, for instance, is pinpointing the location of a buried cable which needs repairs. The cable will be fixed quickly . . . and calls will flow again. Meanwhile, your long distance calls are re-routed to get them through with little or no delay. This is just part of the complex job of maintaining and expanding the West's vast telephone system—a job which now requires the skills of some 27,000 well-trained telephone men and 46,000 alert telephone women here in the West. 'Round the clock, they're on the job to keep America's telephone system the finest in the world . . . able to do its full share of the important task of keeping America strong.

Keep Your Home Well Lighted

Your home need not be a blaze of light . . . that is waste . . . but turning off lights until the room is in semi-darkness is false economy. Electric light is cheap.

In the days of kerosene lamps, there were reasons for using as few as possible . . . the cost, the danger, and the bother of keeping them filled and cleaned. Not so with the blessings of electric lights. Get the most out of your home by having it well lighted.

CAL-VADA PACKED FOR SESSION OVER TAHOE HIGHWAYS

TAHOE VISTA— The public relations meeting held last night at Cal-Vada, sponsored by the Council of North Tahoe Organizations, to discuss snow removal and highway problems was so well attended that the seating capacity of the dining room was completely exhausted, leaving many standing inside and outside the loud-speaker equipped room.

Dinner was served to a group of officials and their wives from Nevada and California. These included Governor Charles Russell of Nevada, State Senator Ken Johnson of Carson City and State Senator Harold Johnson of Roseville, the latter speaker of the evening.

From Nevada also came Jess Springmeyer, legislative counsel, and Huston Mills, state highway engineer. Beside Johnson, California was represented by Assemblyman Francis Lindsay, of Loomis; Al Broyer, district attorney; John Melgord, road commissioner; Supervisors J. B. Paolini, L. L. Anderson and Frank Paoli, all of Placer County; R. M. Gillis, highway engineer; Chester Gibbs, planning commission, and George Hellesoe, state highway maintenance engineer.

Mrs. I. D. Mitchell of Tahoe City read a letter from residents of her area, presenting their view of problems of snow removal and pleas for more adequate equipment and its proper use to prevent in the future a repetition of January's isolation on Highway 89 south of Tahoe City .

Dr. Jose Nessim presented resolutions by the North Tahoe groups, calling for permanent placement of snow removal equipment at Kings Beach, even to the extent of housing and repair locally.

While no conclusions were reached, officials of the two states promised action on the problems presented but stated the process would undoubtedly be long and involved.

Lady Eagles Laying Plans For Anniversary Party

The Truckee Rotary Club met Monday evening at Brown's Cafe with all members present. The program was supplied by officials of the state fish and game division in the form of a movie, "Beavers in Conservation."

Guests present included Robert Wray of Tahoe City, Martin Sturcke and Bus Ramsey of Truckee.

The board of directors for 1952-53 was elected, including Charles Osburn, Rex Reid, Fosten Wilson, Gene Metteer and Claude Harrison. The new president and secretary will be announced next week. President W. F. Curran presided.

Mr. and Mrs. H. T. Langille returned yesterday from an extended vacation in Mexico.

Brown's Banquet Room Draws Clubs for Meetings

Earl Brown announces that he has readied the banquet room at his new Brown's Cafe and is now catering to clubs and organizations desiring a private dining room. Last Thursday, Truckee 20-30 Club met there and the Rotary Club met Monday. The Chamber of Commerce and 20-30 Club will both meet there tonight, the chamber being seated in the front dining room, Brown said. Friday night, the local Boy Scouts will hold a fathers' night dinner in the banquet room.

Brown plans further improvement of the banquet room which will provide additional space in the cafe during rush hours as well as being used for private parties.

FREIGHT CARS LEAP TRACKS NEAR EDER

M. L. Jennings, superintendent of the Sacramento division of the Southern Pacific Company, reported Tuesday a freight train was derailed near Donner Summit and delayed for about six hours Monday afternoon.

Jennings said 15 empty stock cars were involved in the accident, caused by snow. None of the cars was turned over, however, and they wree put back on the main track with emergency equipment carried on the train and operated by the crew.

The accident occurred at Eder, seven miles west of Truckee, on the east slope of Donner grade.

WHERE ARE WE GOING TONIGHT, FANNY?

WHY- ER--MRS. DUMMER INVITED US TO DINNER, RUDY-

I THOUGHT I TOLD YOU NOT TO ACCEPT ANY MORE INVITATIONS FROM THOSE PEOPLE-

I COULDN'T GET OUT OF IT, RUDY- LOTTA DUMMER IS SO INSISTENT-

I'M TOO OLD TO START GOING WITH PEOPLE I DON'T LIKE, FANNY- FROM NOW ON I'LL MAKE THE DATES

I WAS HOPING YOU'D BE A LITTLE LATE-CASSIUS ISN'T HOME YET-

CASSIUS HAS NEVER BEEN THIS LATE BEFORE- PERHAPS WE SHOULD START EATING

THAT'S THE MOST INTELLIGENT IDEA SHE'S EVER HAD

CASSIUS DUMMER! WHAT DO YOU MEAN BY BEING TWO HOURS LATE WHEN WE HAVE GUESTS TO DINNER?

I COULDN'T HELP IT, MY LOVE- I HAD AN ACCIDENT WITH THE CAR

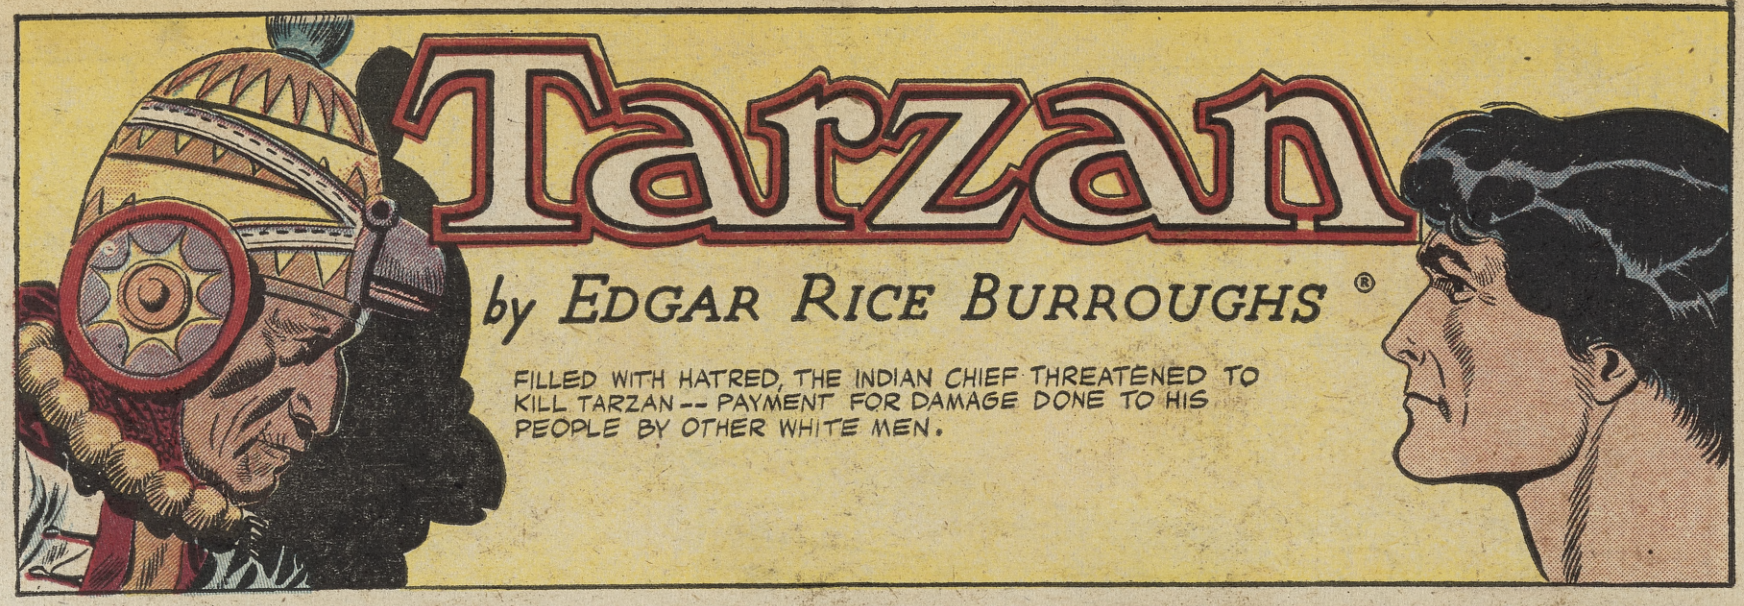
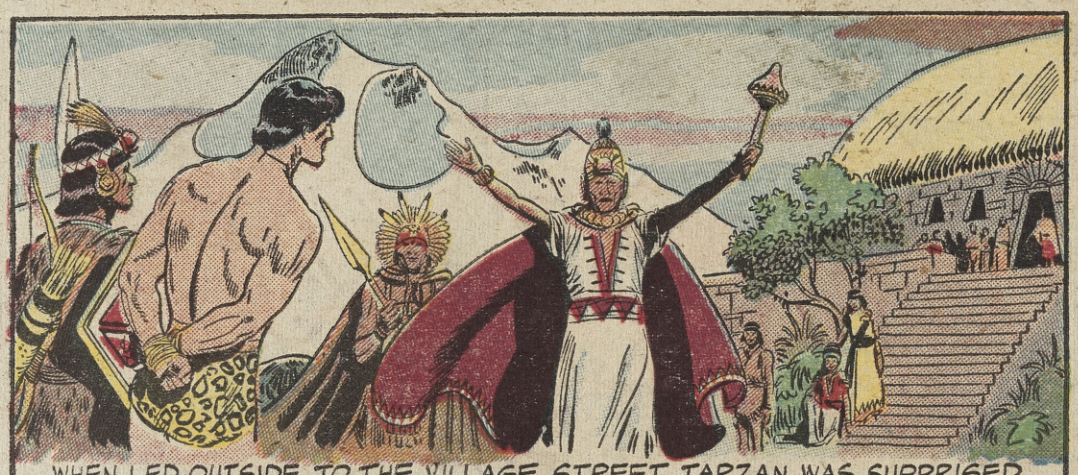
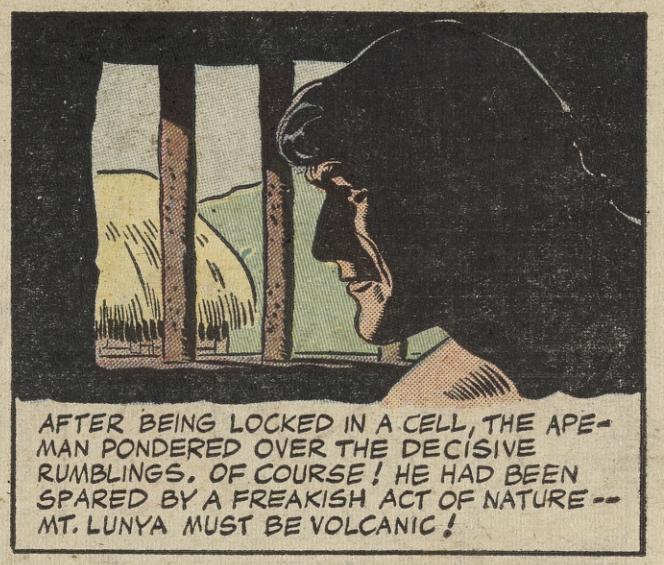
Tarzan

by EDGAR RICE BURROUGHS ®

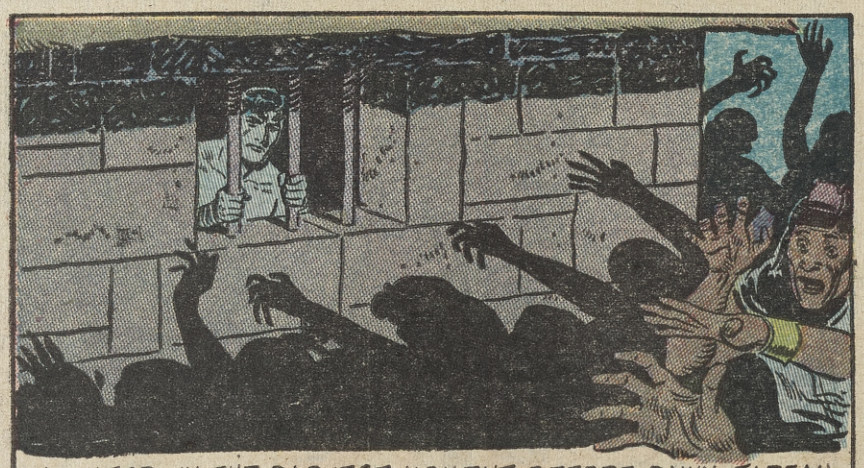




WHEN LED OUTSIDE TO THE VILLAGE STREET, TARZAN WAS SURPRISED BY A DISTANT RUMBLING. "THE MOUNTAIN SPIRITS ARE ANGRY," SAID THE KING -- "IT MIGHT BE SAFER TO HOLD YOU AS HOSTAGE."



AFTER BEING LOCKED IN A CELL, THE APE-MAN PONDERED OVER THE DECISIVE RUMBLINGS. OF COURSE! HE HAD BEEN SPARED BY A FREAKISH ACT OF NATURE -- MT. LUNYA MUST BE VOLCANIC!



... LATER, IN THE DARKEST MOMENT BEFORE DAWN, TARZAN WAS ROUSED BY HORRIBLE SCREAMS. FRANTIC VILLAGERS RAN, STUMBLING -- TRYING TO ESCAPE AN UNKNOWN TERROR!
